MED-7BHH-RM

MED-7BHH-RMD

Simplyfied Configuration for the 7 Button Patient Handheld

Product Description

The 7 Button Patient Handheld rests on the hospital bed next to the patient. It is a comfortable handheld device with easy press buttons that enables the bed bound patient in 3 ways:

1) Nurse Call Alert to the Nursing Station
2) TV Remote Controlls
3) Bed light on/off switch

* See our Application Documentation to retrofit into legacy Nurse Call Infrastructure
